This page contains information on copyright, terms of use and privacy policy for I2S and The ANU.

If you are looking for information on what this website does and who makes up the I2S team, please see What is I2S? [1] and Team [2] respectively.

The ANU website disclaimer

The Integration and Implementation Sciences (I2S) website [3] is governed by The Australian National University (ANU) disclaimer [4].

The ANU and I2S website privacy notice

ANU privacy notice

The Integration and Implementation Sciences (I2S) website [3] is governed by The Australian National University (ANU) privacy notice [5].

How personal information is handled by I2S

Users of this website may register to receive the I2S News by providing an e-mail address in the 'I2S NEWS' box in the menu on the left-hand side. This e-mail address is only available to the site administrators and will not be divulged to third parties without the email address owner's consent, unless required by law. In addition to sending I2S News, the e-mail address may be used to provide occasional updates about developments in Integration and Implementation Sciences (I2S). We take all reasonable steps to keep the email addresses secure.

Subscribers can unsubscribe using the 'I2S NEWS' box in the menu on the left-hand side or by e-mailing a request to i2s@anu.edu.au [6].

Blog image by Geralt (Pixabay)

We wish to acknowledge the public domain image website Pixabay, and user Geralt for the use of the image depicted below [8]. This image is used on the home page of this website as part of the link to the Integration and Implementation Insights blog. This image has been uploaded to this website under a CC0 Public Domain license (https://pixabay.com/en/service/terms/#usage [9]).

I2S swirl

The Integration and Implementation Sciences (I2S) 'swirl' is owned by Integration and Implementation Sciences (Gabriele Bammer).
Kulla's Ripple by Tim Spellman

We are grateful to Tim Spellman for permission to use a photograph of his sculpture *Kulla's Ripple* (found on The ANU campus), reproduced here below, and which is depicted on this website on the *What is I2S* [1] page as well as the *Thanks* [10] page (both of which also describe why the image is useful when thinking about what I2S is trying to do as a discipline):
